## **HB 2557 - SB 2856**

February 3, 1998

**SUMMARY OF BILL:** (1) requires the Department of Safety to devise a blood alcohol concentration chart; (2) requires all manufacturers of alcoholic beverages to put the chart on all containers of alcoholic beverages sold in the state; and (3) creates a Class C misdemeanor for distribution of alcoholic beverages without the chart on the container.

### **ESTIMATED FISCAL IMPACT:**

**Increase State Expenditures - Not Significant**  
**Increase Local Govt. Expenditures - Not Significant**  
**Increase Local Govt. Revenues - Not Significant**

Increased expenditures for cost for printing and distribution of chart.

Impact depends upon the number of persons convicted of this offense and the resulting increased cost to local governments to confine such persons versus the increased revenues to local governments from fines levied and collected under the provisions of this bill. Therefore, the fiscal impact cannot be readily determined, but is not estimated to be significant.
